This is a serious, old-fashioned forty-minute conversation between two elderly gentlemen, before lunch and without spirits. This may seem dry, but the details expose nuances in small rints in well-poised words and between them. The content depends on the form, i.e. the subject dealt with.

Sandell and Strid made their first (still unreleased) duo recording in 1983. In 1988 they formed the Swedish trio Gush together with Mats Gustafsson.

01. **Wie Der Mond Rot Aufgeht!** (6:22) / 02. **In Dieser Kälte** (7:02)
